Clare Bell
Clare's a new student in school this year,
But he's accepted with pleasure here.

Julius Braveman
That he's so well-liked by all his mates
Alone shows how highly Julius rates.

George Duke
To live up to the name Duke must be a hard task;
"How does George do it so well?" we ask.

Izzie Hechtman
Campus cutup might well be his name,
For along that line he's won much fame.

Oscar Hightower
Tall and slender, a boy that's grand;
To him the honors you'll have to hand.

James Kavanaugh
A handsome boy is this James;
From all reports he's off the dames????

Aubie McKenzie
Personality plus is on display here;
There'll be no more like Aubie, we fear.

To know a boy so charming and so fine
Is a treat that I never dreamt'd be mine.

Henry Tsukahara
He dresses in such good taste and so neat
That there's ne'er a spot on him from head to feet.

Three cheers to a boy who has common sense, too,
As well as the looks that are given to few.

For now and then a little song.

It's alarming how I fall."

ANGELE RUPE
She's quite a heart-smasher, I've heard say;
So beware, boys, if she comes your way.

A Ford car does this young man possess;
Perhaps that's the reason he's such a success.

DAVID BEREN
Not only a "Beren" in name is he,
But dressed as any noble would be.

FRANK COHEN

If you're in search of a friend who's true,
We feel sure that Frank will do.

LEAH BRANNING

So truly a blonde, so small in size,
Such pleasing ways, such lovely eyes.

RICHARD CARSON

Congratulations for the work you've done
In combining work with a share of fun.

The IIIA Junior Class of Forest Avenue High School is to be complimented on the excellent programs it has presented in its class meetings during the past semester. Being fortunate enough to number among their members some very talented young people, the IIIA's usually give a musical program. At one of the meetings a one-act play, "Enter the Hero", was staged. This play was directed by Mary Manion, and the members of the cast were Charles Johnson, Eleanor Purse, Mary E. Strange, and Mozella Graham.

Every Wednesday morning the IIIB Junior Class holds its meetings in the school auditorium. The officers of the fall term were Eunice Faison, Betty Houseman, Helen Muir, Jeanette Berkowitz, Isabell Jeffers, Mary Alice Porter, and Helen Seaman.

The IIA Sophomore Class of Forest Avenue High School holds the distinction of having at its class meetings a larger attendance than any other class in the school. Because of the extraordinary number of pupils attending the meetings, the meetings are held in the school auditorium. There the IIA's meet every Friday morning and give excellent programs. At no time in the year has the number of members present fallen below fifty, and the number has reached ninety-six.

The IIB Sophomores hold their meetings in the music room every Thursday morning. Although the attendance record has not been as high as the class would like to make it, the IIB's have shown a remarkable spirit in all their class undertakings.

R. O. T. C.

Rah! For the boys in the brown!
Regard how they strut around!
Read what they mean in this town!
Remember they've a right to be proud!

O hail the R. O. T. C.!
O watch how they step in the drill
On your dress the cross swords are pinned!
O you're in for a thrill!

Tip hats to our Lieutenant Colonel!
Touch your caps to the gold braided men!
Tease the poor little guard on duty!
Take a date with them all now and then!

Cheer the boys on parade!
Cheer the guard at his post!
Cheer the officer's braid!
Cheer 'till you split your throat!

Rah for these boys in their fine team work!
Always they do their duty—they never shirk (?)
Heavens! They'll be grand in fighting the Turk.

Reasons for success: a lovely home
Aiming to stay there—never to roam
How they reign on land—BUT NEVER ON FOAM!

Roasters, every single one of Forest High
Are grand in this world they'll all get by;
How many girls a day do sigh.

Rah! For the R. O. T. C.

Rah! for the great big boys in brown
Oh! How they shine in this first class town—
Treading the street they are handsome to see—
Can't you imagine how proud we must be!

Rowdy! We'll say they are so,
Ostentatious? Well, maybe, but you know
They are fine boys as we've said before.
Charming? When they speak, they hold the floor.

Rah! For the R. O. T. C.

GENERAL ARTS

Ten years ago Mr. and Mrs. Forest High moved to Dallas, Texas, with a family of ten children, which included twins and a set of triplets. When the close of the school term was approaching, Mr. and Mrs. High called their children around them and asked each to tell what he had accomplished during the year.

Leo S. Barrett and Rettie Kelly Ensor sprang to their feet. Rettie Kelly Ensor gesticulated with paint brushes, while Leo S. Barrett flourished rulers and triangles. "Children!" begged Mrs. High. "Children!" exploded Mr. High. "Hey, you!" screamed the twins and triplets. Rettie chattered, "Best of all I like the art class. We study art principles, art history, interior decoration, costume design, stencil designing, book binding, block printing, and leather tooling. We have exhibits; we go to see the pictures in the Dallas Art Museum; we——"

"It's my time," Leo S. Barrett shouted. "We make plans and study engineering and architecture. Why, without a knowledge of mechanical drawing, how do you think anyone would be able to read plans?"

Meantime, little Louise Wilcox had been making funny figures in the air with one of Leo Barrett's rulers, which reminded the family that she was somewhat musically inclined. "I like music best," she said, "You should hear our orchestra. We have ten first violins, nine second violins, one viola, two clarinets, two cornets, one bass, one drum, one cello, one oboe, one trombone, one timpani, three saxaphones, one French horn, one flute, and a piano. Why, we went to Denton, March 22, and won second place in the Interscholastic Music Meet. We went to Abilene, May 3, and played in the Texas State Federation of Music Clubs. We have a Glee Club, too——"

"Locille Segrist and Adrienne Michelson, stop scraping my floor," said Mrs. High. "Oh, mother, we're just practicing our tap dance that we learned in Gym. We have a volley ball team, and the IA's won. We play baseball and we go ice skating and camping and we shoot rifles, too."

"Give us a chance," yelled the twins. "I'm for shorthand," said S. N. Baker. "Typewriting is really superior," interrupted Julia Pritchett. (Yells from the kitchen). "Willie Mae Berry, Alice Harrington, Pearle Matthews, where are you?" "Alice Harrington is in the kitchen, and Pearle Matthews is trying out the new machine," said Julia Pritchett. "Oh, mother," cried Willie Mae, "you know that big round pillow shouldn't be on that rectangular sofa, and our home is of the North Colonial type." "Pearle Matthews, haven't you altered that dress yet?" "Oh, it's easy," she said, "We learn how to spend our money for clothing." "You didn't have to go to school to learn that," sighed Dad.

GYM DANCE

A Greek war dance, under the direction of Miss Locille Segrist and Miss Ardienne Michelson, was staged by the gymnasum classes at the State Fair Auditorium on Friday, November twenty-ninth. The dance was one number on an all-school program given for the Texas State Teachers' Association. The dancers wore green and white costumes, symbolic of Greek Warriors, and they carried a shield with a Forest Lion on it. The costumes, although inexpensive, were quite effective, and Forest was very proud of the showing her gymnasium pupils made on the all-school program. The same dance, which was given at an assembly at Forest Avenue High School, will be one of many presented at the annual Gym Demonstration.

The girls who took part in the dance are as follows:

DEPARTMENTAL CLUBS

Under the regulations governing extra-curricular activities in Forest Avenue High School each school activity must make some definite contribution to the school life. The constitution of the organization must indicate the nature of that contribution, and the purpose of that activity must be approved by the principal.

Membership in each organization is open to all pupils on the same basis. No pupil may belong to more than two organizations unless he is passing in all subjects and has the consent of the club sponsors to join a third organization. No pupil is permitted to have membership in organizatins other than Departmental Clubs who did not receive credit in at least three solid subjects carried during the preceding semester.

Monthly dues of school clubs may not exceed twenty cents. A fine of ten cents for unexcused absence and of five cents for unexcused tardies may be assessed, as well as a fine of twenty-five cents for failure to appear on the program without an acceptable excuse. The only acceptable excuse for absence is absence from school; however, members may be excused from the meeting to participate in other school activities by obtaining a leave of absence in writing signed by the sponsor and three officers of the organization. After three cases of absence or tardiness in a semester, a member is automatically dropped from membership, For failure to pay fines or dues members are dropped three weeks after the fine has been assessed. No student may receive a report card unless all club dues and fines are paid.

Meetings for all organizations must be weekly, except for cosmopolitan organizations. An open meeting must be held in assembly each year, and the programs of these meetings must be similar to those of weekly meetings. Any business transaction in a meeting at which the sponsor is not present is unconstitutional.

No student who has not passed with credit all studies during the preceding semester or who is a problem of discipline in the school may not hold office in a club or hold the position of editor or manager of any school publication. A pupil may hold office in only one school organization at a time. He may hold no more than three different offices in a semester, and only one of those offices may be the presidency of an organization or the position of editor or manager of a publication.

Social Events

High Scholarship Club Tea-Dansant

In January the High Scholarship Club gave a tea-dansant in the library honoring the graduating members. Members of the Leaders' Club were guests as well as several teachers. Miss Rowe surprised everyone by dancing in an ultra-modern fashion. Believe it or not, "a wonderful time was had by all," especially since the refreshments consisted of sandwiches, ice cream, cake, and cocoa. Most of the girls broke diets to partake of the delicious food, and, as for the boys,—they didn't seem to have any diet to break. Many thanks are due Miss Foote, the club sponsor, who did more than her share to make the party the rip-roaring, howling (excuse slang) success that it was.

Leaders' Club Dance

On Friday night the Leaders' Club gave a big dance in the Gym. Among those present were Hazel Chaney and Melbert Bale, Thelma Potter and Everett (Bert) Hockwald, Gertrude Sachs and Arthur Berwald, Lehman Tims and Ruth Peoples, Marie Mattox and Carroll Piper, and Mary Elizabeth Strange and Roderick Proctor. Our chief spy could not find the mates of Bernard Hemphill and Carmon Brandon, and we offer our regrets. Perhaps we have not given the full list here, but please remember space is limited. Of the teachers there were Mr. Rorie, Mr. Parker, Mr. Bergin (our hero), Mr. Hutchinson, and Miss Berry. Ice cream, cake, and soda pop were served. Needless to say, everyone went home happy and contented. (Trite, oh, no).

Standard Debating Society Banquet

The Standard Debating Society held its annual banquet at the Y. W. C. A. on Dec. 27, 1929, in honor of Miss Myra Brown, former critic of the club, who told of her interesting experiences while teaching in China. Mr. Parker and Miss Rowe were also present. The first president of the club, Scott Hardy, was toast-master at this, the largest banquet that the Standard Debating Society ever had.

Girl Reserves Party

The Girl Reserves gave a party for the Hi-Y Club Friday, March 22, 1930, at the Y. W. C. A. The party must have been a success—anything those girls do turns out successfully.

THE DRAMA

IN THE NEXT ROOM

IN THE NEXT ROOM, given by the 1930 January graduating class of Forest Avenue High School, is a first rate mystery play comprising all the elements of suspense, curiosity, comedy, and drama.

Philip Vantine has bought a rare copy of an original Boule cabinet and ordered it shipped to his New York home from Paris. When it arrives, it is found to be the original itself, the possession of which is desired by many strange people. Before two persons meet mysterious death fooling with the cabinet, the happiness of many otherwise happy actors is threatened.

MANSIONS

MANSIONS was the play directed by Miss Helen Fern Black for the One-Act Play Contest. This story is that of a young boy, Joe Wilde, who is dying. His sister, Lydia Wilde, gives Joe her promise that she will play the big piano, which has not been toucher in years. In fact, their Aunt Harriett Wilde forbade them to touch the instrument. Lydia defies her aunt and plays the piano for her brother, who dies.

Mary Ross Coble, Lu Fan Patrick, and Luther Murphy took the parts of Harriett Wilde, Lydia Wilde, and Joe Wilde, respectively.

POLLY WITH A PAST

The June 1930 graduating class presented POLLY WITH A PAST, a thrilling, exciting, interesting, and humorous play written by George Middleton and Guy Bolton.

The play opens in the home of Clay Collum, an interior decorator, and Harry Richardson. Polly, who is the daughter of a minister and who is going to Paris to study voice, is a maid in their home; and as she has not been able to find employment elsewhere, she has been forced to take this position.

Rex Van Zile, a friend of Harry and Clay, is very much in love with Myrtle Davis. The object of his admiration has no time for Rex, but is only interested in saving men from the gutter, reforming drunkards and the like. Rex is terribly downhearted, but he is advised by Polly to have some young woman impersonate a notorious French woman, in order to make Myrtle jealous.

The three young men are at a loss because they do not know who will take the part, but one of them suggests Polly. Polly finally consents and they decide that Polly's name is to be Paulette Bady.

The second act opens in the home of Mrs. Van Zile, where she is entertaining her friends, Myrtle Davis and her mother, Mrs. Davis. They are discussing the international siren, Paulette Bady, when they are interrupted by her appearance with Rex.

Stiles, a man from the country whom Myrtle has saved, recognizes Paulette as Polly Shannon, and is finally persuaded to keep quiet, and to let everyone in Northampton think that she is a bad woman, who has wrecked a throne as the papers state.

Harry and Clay have also stated that the world's most famous musician, Vlachimir Petrowski, has killed himself for love of her. The state of affairs becomes more and more complicated when Petrowski himself appears, and demands an explanation.

Some of the Van Zile household and friends still believe that she is not the real article, and Myrtle sends for Prentice Van Zile, an authority on the subject of notorious French women. He also becomes much infatuated with her. Rex has succeeded in making Myrtle jealous, and Harry and Clay propose to Myrtle for him; but only to find that Rex no longer loves Myrtle, but Polly.

PUBLIC SPEAKING

Forest Avenue High School won high honors in debate this year. When the try-outs were announced, three boys, all members of the Standard Debating Society, came out. They were Eugene Arons, Billie Aronoff, and Arthur Berwald. In the final eliminations held here in the school, Billie Aronoff and Eugene Arons were selected as the team to represent Forest. The boys worked hard right from the first because they were resolved to make this a winning year for Forest in debate. Several outside practice debates were scheduled. The first took place with Kevens at Trinity University in Waxahachie. Our boys debated the negative and lost. They next debated Central at Ft. Worth, and a Central class gave the decision to their own team.

By this time our boys were fairly well proficient in the art of debating, and they were ready to go into the city contest.

The first official debate was held with Dallas Technical High School at the Forest Auditorium, February 25. Forest drew the affirmative. The question was "Resolved: That the Sterling Plan for Financing a State System of Highways Should be Adopted." Fine arguments were offered by both sides, and Forest was declared the winner by a vote of two to one.

The finals were held at Forest, Saturday, March 22. Three schools, Forest, North Dallas, and Sunset, were entered. The Forest team worked hard in the days preceding the finals, collecting information and material from eminent authorities. On the night of the debate they had to debate twice, while the other schools debated once. This disadvantage did not dismay them. They beat North Dallas by a vote of two to one, arguing the negative side, and perhaps an hour later they were city champions, having beaten Sunset by another vote of two to one, bringing glory to Forest. They drew the negative side of this debate also.

The declamation and extemporaneous speaking contest was held Saturday, March 1, at North Dallas High School. In the girls' declamation contest Forest came out second. Harriett Garonzik represented Forest; her declamation was "I am an American." Forest was represented by Willie Waldman who spoke on "National Apostosy." Forest came out third in the boys' contest. In extemporaneous speaking, Jonas Rosenfield, who represented Forest, won second place. By the way, Jonas is just a freshman.

In the district meet held at Denton, Texas, April 11, Jonas Rosenfield won second place in the extemporaneous speaking contest; while Harriett Garonzik, declaimer, eliminated the final tryout.

STYLES

According to the eminent French stylist, Monsieur Anson Van Slykeskywitxinheimenberg, clothes for women this year will be very extreme. For the summer, brief costumes will be worn for both men and women—in the fashion of bathing suits. Low cut backs, no sleeves, and very short skirts will prevail for women, while the men will wear short knee-breeches. Style of hair-dress for men will continue to be long curls, while the revealed-ear will be shown for women.

SCHOOL NEWS

Forest Avenue High

The children who enter Forest are getting younger and younger every year. As yet, the youngest pupil to enter is little Georgia Hockwald, daughter of Mr. and Mrs. Everett Hockwald. Both father and mother entered in Forest in 1926, Mrs. Hockwald then being Miss Thelma Potter and Mr. Hockwald being known as "Bert". We hasten to add here that Georgia is just six years old, a brilliant child as were her parents. The little Guthrie twins, Steve and Leah, are next to the youngest in the school. They are just seven years old. A darling pair, these!

NEW ATHLETICS FOR BOYS AND GIRLS

This year football has been participated in by both boys and girls on an equal basis, with Mrs. Genevieve Lawrence Daross and Mr. James Daross head and assistant coaches, respectively, of all the Dallas school teams. Wrestling and boxing are to be open for boys and girls on the same basis as is football. Each participant must have excellent eyes (preferably not glass), a strong nose, a set of removable teeth (to be removed before each match), and perfectly good pairs of arms and legs. The coach for the city is Fay Lagow.

Since there is so much athletic activity in the schools this year, basket ball will be eliminated.

NEWS, GOSSIP, SOCIAL EVENTS

Behold, another Dallas girl has retired from the Talkie—Sillies! She is none other than Hazel Chaney, whose sister, Esther, preceded her in Hollywood. The younger Miss Chaney has collected a sum of over $10,000,000 and is now sacrificing her fame for domestic life with Melbert Bale.

Mary Ross Coble, M. I., S. S., P. D. Q., R. S. V. P., from Oxford, England, has recently been operated on by Dr. Richard Allison for flat feet. Miss Mary Jane Joffrion (fiancee of Dr. Allison), was head nurse and helped supervise the operation.

If we want our children to be sucessful in life, we must give them splendid health, sanity of vision, capacity for work, and a wholesome attitude toward life. Such work is true education, a partnership of the home school, and community, a training not only of the mind, but of every activity of the child. In order to realize this ideal, we find that the school can not operate alone; and to meet this need, no organization can function better than the Parent-Teacher Association.

The Forest Dads' Club

OFFICERS

President . . . . . Dr. David L. Wortsman
First Vice-President . . . . . Mr. Charles F. Lee
Second Vice-President . . . . . Mr. I. N. Kay
Secretary-Treasurer . . . . . Mr. Sam P. Cutrone

The Forest Avenue High Dads' Club did not really get started this year until the second semester, but since that time it has been going good. The club has been working with the City Commissioners in an effort to get traffic signals placed near Forest Avenue High School, is trying to get an Athletic Field for our school, and has been able to do some welfare work among needy boys of the school.

Much of the credit for the achievements of the club may be attributed to the untiring efforts of Dr. David L. Wortsman, present president of the organization.

Activities of the club include a free show and Fun Fest on Monday night, April 7th, in our school Auditorium, and, as a consequence, the dads hope that there will be more fathers interested in the club next year.

They will give some sort of an entertainment for the cadets of Forest next June at Mineral Wells, and they hope to be able to donate one or more scholarships to Camp Dallas.

ATHLETICS

Athletic Leaders

Mr. Alfred J. Loos, head coach, is closing a decade of coaching at Forest. No school in the state has been more successful in athletics during these last ten years. As a man and as an athletic director, Mr. Loos is appreciated by the student body. Closely associated with Mr. Loos is Mr. Seldon S. Hutchinson, who came this year to Forest from the University of Missouri. He is assistant coach of football and basketball, and coach of track, we predict success for Mr. Hutchinson. Another of our coaches is Mr. W. F. Hunter, a hard worker with the tennis teams. Supporting and backing our athletic coaches is our genial manager, Mr. George C. Rorie, a man ready and willing at all times to do anything for the welfare of the school. The golf coach is Miss Rachel M. Foote. We are predicting rapid progress for the golf teams, judging from her past success as tennis coach.

In co-operation with the faculty directors, Frank Terranella, Forest's greatest quarterback, coached the second team in football. Fay Lagow, football captain, the last of the Lagows, led his football team to the city championship and was placed by sport writers all over the state as all-state guard. He also made the basketball and track teams. Richard Allison, basketball captain and elongated center, led his team to a close second place in the city basketball scramble; he was second high point man in the city. He also made the football and track teams. Stephen Guthrie, track, was the best all around track man in Forest this year and was an able captain. He will be back next year.

Football Season

Forest, 0—Palestine, 6

Opening the '29 season, Coaches Loos and Hutchinson took the Lions to Palestine, where they met defeat on September 21. The Lions made twelve first downs, while the Wildcats failed to make any. In the last few minutes of play the Wildcats intercepted a pass and carried the ball to the three-yard line, where they made a touchdown on their last down.

Forest, 19—Polytechnic, 7

October 5, the Lions entered their first district game of the season, winning with a score of 19-7. McCullough was the most successful ball toter, making three touchdowns, while Brandon, Lion full, plunged over for an extra point.

Forest, 12—Woodrow Wilson, 0

The game with Woodrow Wilson was played on October 11. The first three quarters went scoreless, but in the last quarter Brandon carried the ball from the 50-yard line to the 8-yard line, where the Lions soon pushed over a touchdown on a short pass from Terranella to Kahler. Upon recovering a fumbled punt on the Wildcat's 5-yard line, the Lions succeeded in a short pass from Terranella to McCullough, netting another score.

Forest, 0—Central, 0

At Fair Park Stadium on October 18 the Forest and Central teams contested. In the first quarter the Panthers got the ball to the Lion's ten-yard line, but could not penetrate further. Later, the Lions did the same thing, but the Panthers punted out of danger and recovered the fumbled punt on the Lion's seven-yard line, where they were held. In the fiinal stanza, McCullough carried the ball to the Centralites' five-yard line, where they lost a chance to score by receiving a penalty.

Forest, 13—Tulsa, Okla., 6

In the first night game ever played by any of the Dallas High Schools, the Lions defeated the Braves, Tulsa, to the tune of 13-6. Rapidly McCullough and his backfield "aces" started gaining ground and soon had the ball on Tulsa's fifteen-yard line, where they lost the ball on a fumble. In the second quarter McCullough scored on a pass from Brandon.

Forest, 6—North Dallas, 6

When the Lions met the Bulldogs in their own back yard on November 1, they were handicapped by several crippled players resulting from the Tulsa game. The first quarter McCullough and his backfield men tallied, the Bulldogs coming back with their

aerial heaves and tying the count. Old Man Time ended the half just as the Lions reached the Bulldog's one-yard line, with three downs to go. In the last quarter the Lions scored on a long pass, but it did not count as the passer was too close to the line of scrimmage.

Forest, 27—Highland Park, 13

On November 8 the Lions invaded Highland Park. During the first half both teams threatened to score, but failed in their attempts. In the last half McCullough made three touchdowns within seven minutes. Brandon, fullback, plunged over for the extra points. The Bagpipers tallied by their aerial attack, which ended the third quarter. "Scotty" received the kick-off and ran ninety yards for another touchdown. However, the Highlanders were still fighting; for within a few minutes Hart circled end and ran fifty-four yards for a touchdown, and Farmer kicked goal.

Forest, 0—Sunset, 20

In the game played on October 15 between Forest and Sunset the Bisons got the breaks, but one has to hand it to them for playing heads-up football. Four times they blocked and recovered punts within the Lions' twenty-yard line, and three times they pushed the windbag over the chalk line, spelling defeat for Forest. The entire team played hard, clean football, but just could not stand the onrush of those Bisons.

Forest, 13—Dallas Tech., 0

The Wolves put up a stubborn fight on November 22, but when they threatened to score, our Lions started playing football. McCullough scored, after a long drive down the field. During the last half Brandon, catching a long pass from McCullough, ran thirty yards for a touchdown. McCullough kicked point goal, making the score thirteen to nothing for the southsiders.

Forest, 21—Oak Cliff, 10

At Fair Park Stadium, November 29, the Leopards took the lead in the first quarter by kicking a field goal. Forest lost two wonderful chances to score by fumbles in the next two quarters. In the last quarter the Lions started a drive of 80 yards, ending in a touchdown. McCullough kicked for extra point. Oak Cliff received the kick off and turned to their aerial attack, which ended when Kahler intercepted a pass in mid-field. Soon "Scotty" tallied seven more points, and the Leopards again tried their passing act. Allison ended this and carried the ball to the fifteen-yard stripe, where Kahler carried it over and "Scotty" booted another goal. With less than a minute to play, a triple pass netted the Leopards a touchdown. Captain Erickson booted the extra point, ending a game in which the Lions proved their superiority by beating the Leopards twenty-one to ten and by winning the City Championship Crown.

Basketball

Forest, 20—Dallas Tech, 10

To start off the 1930 city cage series the Gig Green Wave of Forest High shot its way to a 20-10 victory over the Maroon Wolves of Dallas Tech.

Forest, 14—Oak Cliff, 19

The second game of the city cage race saw the Forest Lions defeated by Oak Cliff, 19-14. Up to the third extra period the game was tied, but then the Leopards began their long shots. "Red" Kelsay sunk one from mid-court and soon followed with a crip shot, which absolutely killed the Lions' hope for victory.

Forest, 32—Woodrow Wilson, 11

Again the Lions turned in a one-sided victory in the city series cage race, by giving the Woodrow Wilson Wildcats a 32-11 drubbing on January 21. The Wilcats were only able to make one goal in the first quarter.

Forest, 32—Sunset, 35

In a thrilling battle, staged January 28, the Sunset Bisons managed to come from behind and nose out the Lions by the score of 35-32. Within the first three minutes the Lions had a six-point lead. In the last quarter the Bisons rallied and, sinking shots from all corners of the court, finally slipped into the lead.

Forest, 26—North Dallas, 13

By shooting goals from all angles of the court, the Forest Lions walked away with a 26-13 decision over the North Dallas Bulldogs at Fair Park Automobile Building, Friday afternoon, January 31. The first quarter ended 9-4 for the Lions.

Forest, 26—Woodrow Wilson, 32

The Woodrow Wilson quintet upset the Forest Lions in a well-played game, 32-26. Woodrow got away to an early lead, which bewildered the Lions. Holotik led the Lions with 15 points.

Forest, 27—Sunset, 30

Forest and Sunset battled through a fast tussle, which the Bisons took by a strong finish, 30-27. Red Bale's mid-court shots kept the Lions in the running when points were needed.

Forest, 26—North Dallas, 18

Forest turned in a city series game Tuesday, thrashing the North Dallas Bulldogs till they yelped. The score was 26-18.

Forest, 40—Dallas Technical, 18

Forest coasted to an easy 40-18 win over the lowly Dallas Tech. Wolves. Allison led the scorers with 18 points. Every Lion played well.

Forest, 31—Oak Cliff, 9

The Lions, still smarting from a defeat by the Leopards in the first half of the series, turned the tables by drubbing the Leopards to the tune of 31-9.

TRACK

Practice for track was begun at the close of the basketball season in the latter part of February under Coach Seldon S. Hutchinson. There were only three letter men back: James Daross, Bob Wood, and Fay Lagow. A large squad reported for practice and Stephen Guthrie was elected captain.

The team entered the Fort Worth Meet and S. M. U. Relays as experience for the new men. In the City Meet the team scored 16½ points: Guthrie, first in the javelin, second in the discus; Wood, second in the low hurdles; Winborn, third in the javelin; Harwood tied for third in the pole vault; Lagow, fourth in the shot; Allison, fourth in the javelin. First and second place winners will enter the District and State Meets. Daross, who was disqualified in the City Meet, will be substituted in the District Meet. Some of the other promising candidates, all of whom will be back next year, are Wisdom and Kendall in 220 and 440, Stone in dashes; Fitzgerald in the mile, White and Biggs in the hurdles.

Much credit is due Coach Hutchinson for developing so many new men in one year. With practically all of the point takers and prospects returning next year, the outlook for a winning team is good. Mr. Hutchinson plans on starting track at the close of the football season next year.

PUBLICATIONS

The Forester, an annual publication, is one of the three magazines that the student body publishes. It is edited by members of the Senior Class, with the aid of underclassmen representatives; and it contains a complete record of the school events of the year.

A monthly record of activities and achievements in the school is given in the Forest Echo, which is published every six weeks. This magazine, sold for the price of twenty-five cents, includes stories, poems, editorials, personals, and all other forms of literary work. Under the guidance of Miss Jeffie D. Pringle, the new Journalism teacher at Forest, the Echo has made much progress during the year 1930, and hopes to win first place in the literary contest conducted by the Texas High School Press Association, of which the Echo is a member. The Easter, Commencement, and Fall issues of the 1930 magazine will be entered in the contest.

Quite different from either the Forester or the Echo is the Senior Publication, edited in January and June by the graduating classes. It contains the will of the Senior Class, prophecy, and song, as well as bits of gossip concerning members of the class.

And, After All

In compiling this, the 1930 yearbook of Forest Avenue High School, we have tried to present not only an accurate record of the school activities of this year but also an accurate account of the progress of light through the ages. Just as we, who are Seniors, were forced to pass through the refining stages of Freshman, Sophomore, and, Junior-ship, just so did light develop from the crude torch to the highly developed stage of electricity. Back in the days of the caveman the burning of timber gave the only light. Then as time moved on, man found that certain resins or gums from trees would burn with a bright flame and would last longer than wood alone; so twigs were dipped into melted resins, and thus torches came into use. While this was indeed an improvement, man was still not satisfied, and soon candles and oil-lamps were invented. Later on, stone, clay, iron, and bronze lamps were made, but they were all merely open receptacles to hold a little oil, on which floated a rude wick supported by a spout.

Yet all the while that men were suffering the handicaps of the miserable little oil lamps, gas was to be had, if the people had but known how to develop it. William Murdock was the discoverer of gas, and the year in which the first house was lighted by gas was either 1794 or 1795. The first American to light his house by gas was David Mellville of Newport, Rhode Island. Baltimore was lighted in 1817, and Glasgow in the same year. Liverpool and Dublin were lighted in 1818, and other towns, both big and little, soon followed. Murdock made no profit out of his discovery, but he will always be regarded as one of the most skillful of men, and he was as modest as he was clever. From his day on, improvements have been made in gas lighting, and today the incandescent gas light gives forth a blaze equivalent to the blaze of nearly three hundred candles.

However, electric light has practically taken the place of gas, which discovery we owe to Sir Humphry Davy, who began his career as a poor apprentice to a country chemist, but who became the most eminent scientist of his day. Many men have helped to bring electricity to its present state of usefulness, but no one has added as much to its improvement as Thomas A. Edison. Born in 1847, Edison started life as a poor newspaper boy, but by hard work, courage, and perseverance he has gained for himself the title of the foremost American inventor. It is in commemoration of the fiftieth anniversary of his incandescent light that we have chosen this subject as the theme of our books, and it is our hope that the memory of his excellent work will prove an inspiration to all who glance through this book.

—The Editor.

"ENGRAVING BY ZEESE"

Craftsmanship

~the embodiment of skill and handiwork, demands a care, a faith and a hope that can only be acquired through inherent ability, a desire-to-do and a time-proven experience. All of these requirements of craftsmanship give vivid proof of their existence in the craftsmen of the *House of Zeese* by the superiority and individuality of the finished product. ~ ~ ~ ~
